023- The Reprove card is a prepaid credit card that requires no bank account, no credit check, and no waiting period. The customer will be able to walk into a retailer or bank and purchase a card at whatever amount they chose. The money is made available on the card at that time. The customer will be able to make purchases similar to any purchase made with a traditional credit card. However there will not be any bills, bank accounts, or interests rates to deal with later.

024- Because the card is on a prepaid basis it allows you the freedom of spending the exact amount without over drawing an account or going over your credit limit. This credit card will not in any way influence your credit rating.

025- There are some purchases that can only be made with a credit card. Such as hotel reservations, plane tickets, car rentals and purchases on the inter-net. This card makes it possible to do all of these things with out the hassles of a traditional credit card.

026- There is a system that will be put into place that will allow the card holder to remain anonymous or a card where the holder's information is put into a system for identification purposes. A method of making purchases without being confined to traditional credit card approvals or misuse of personal information.
